Summary

I am a highly motivated BCA student at Bhadrak Autonomous College, consistently demonstrating exceptional performance and maintaining stellar attendance records. My skill set includes proficiency in HTML, CSS, and JavaScript, showcasing a solid foundation in web development. I am also well-versed in Java and have experience working with React, highlighting my capabilities in both front-end and back-end technologies.

In addition to my technical skills, I am proficient in using Figma, demonstrating my ability to design and collaborate on user interfaces. With a keen interest in technology and a strong academic background, I am poised to contribute effectively to projects and excel in the dynamic field of computer science.

I also have experience in transcription job role and also work with all Microsoft platform
